Debtors.

I, James H. MaGee, under penalty of perjury of the laws of the State of Washington make the following declaration:

I am in the process of closing down my law practice as a solo practitioner. I am pursuing employment opportunities that are not local. There is no emergent situation in this case of which I am currently aware. I will not be able to merge continued representation of this Debtor(s) with future employment. I have provided information to the Debtor(s) about other local attorneys they might wish to contact if they develop a need for representation in the future.
